

USB 3.0 4-port Hub

Expand everyday convenience

Accessories | HUB Series

Ideal for use with today's Ultrabooks, thin-and-light laptops, and netbooks, Transcend's SuperSpeed USB 3.0 Hub transforms a single USB 3.0 port into four to instantly expand the number of high-performance USB 3.0 devices you can connect to your computer. The HUB3 can supply high output currents of up to 2A via its dedicated fast charging port and with the included power adapter, while the HUB2 is USB bus powered with the cable attached, meaning that no extra power adapter is needed.

USB 3.0 4-port Hub

Expand everyday convenience
